## Crochet Tips

**Body:** Cut off the bottom of a plastic (PET) bottle. Paint cut edge of bottle with clear nail polish.

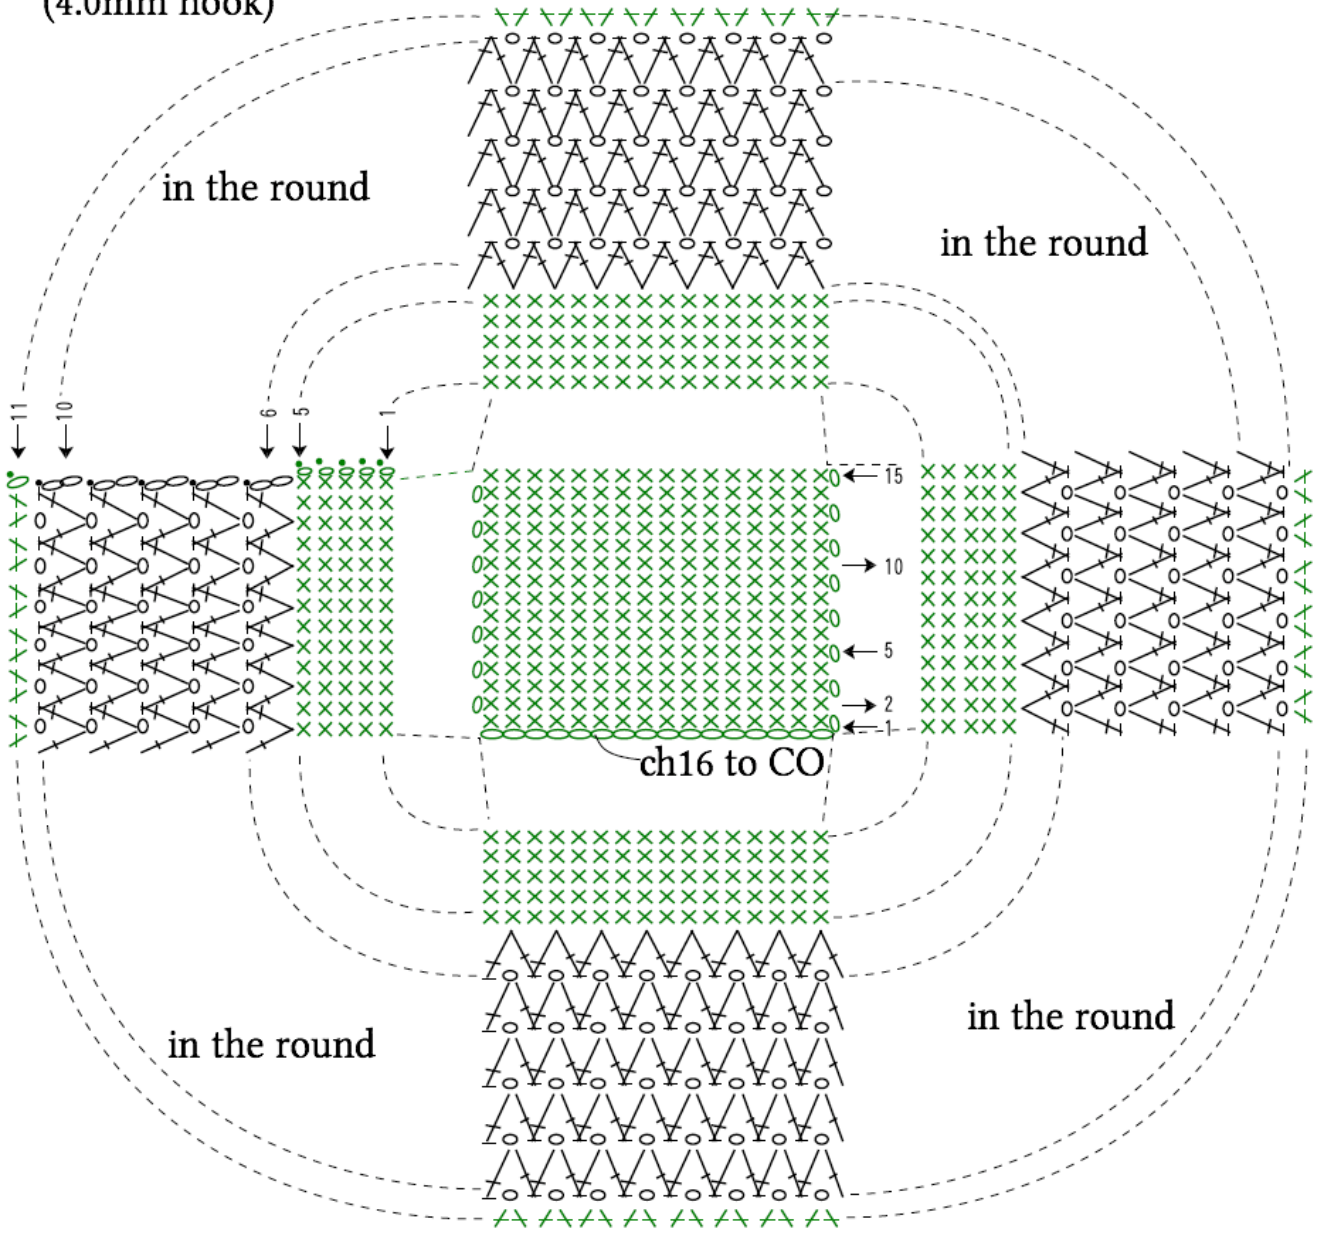

**Version A:** ch16 to cast on (plus ch1 for turning post) and work bottom in single crochet (US). Work stitches around bottom edge, and begin working sc and pattern stitch in the round. Crochet decorative loops.

**Version B:** Create magic ring, ch1, and work bottom in sc, increasing as indicated. Continue to sides, still working in the round, working in sc and pattern stitch.

❖ **Note:** Take care not to injure yourself when cutting bottle.

❖ **Note:** Entire basket crocheted with yarn held double. Refer to schematics for color sequences.
