## **Crochet Tips**

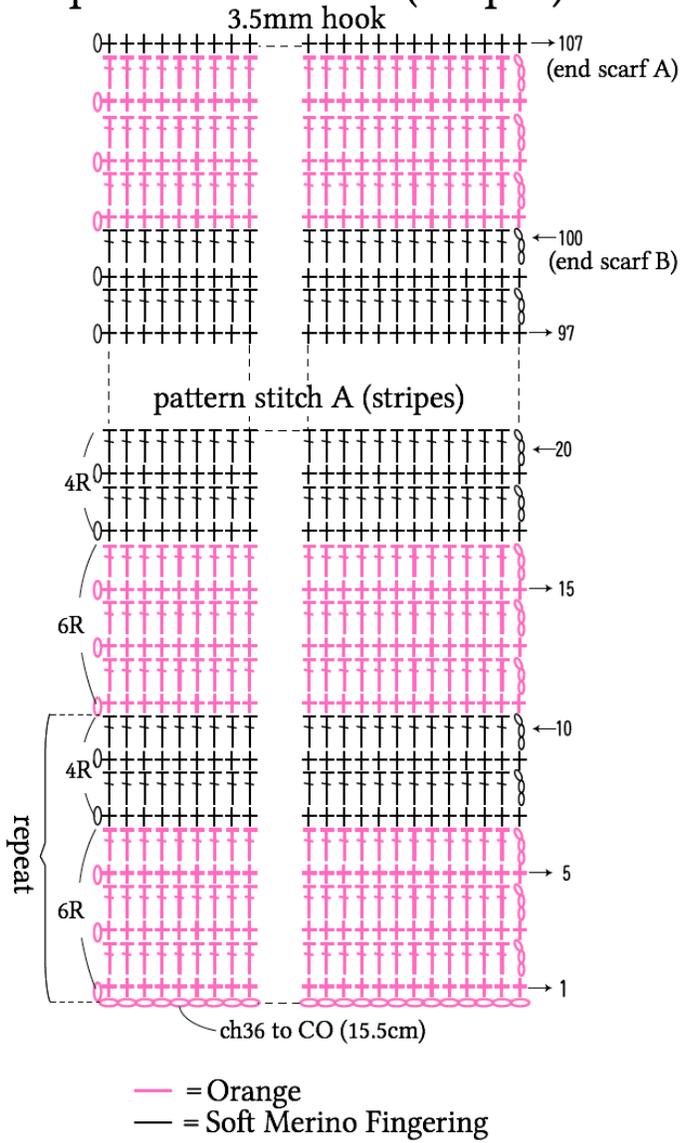

**Scarf portion:** Chain 36 to cast on and crochet scarf parts A and B in pattern stitch A (stripes), working their respective numbers of rows. When finished, align parts and seam with woven seam. With right sides together, form scarf into cylinder as follows: align both edges, join with slip/chain seam (see below) from wrong side, and turn right side out.

**Mittens:** Chain 18 stitches; working into these new stitches and designated stitches on scarf, work in the round in pattern stitch B and single crochet (US). Work chain in place indicated in schematic, leaving a space open for the thumb. When finished, seam with woven seam. Working stitches into place designated for thumb, crochet thumb in the round. When finished, thread yarn through remaining stitches and cinch shut.

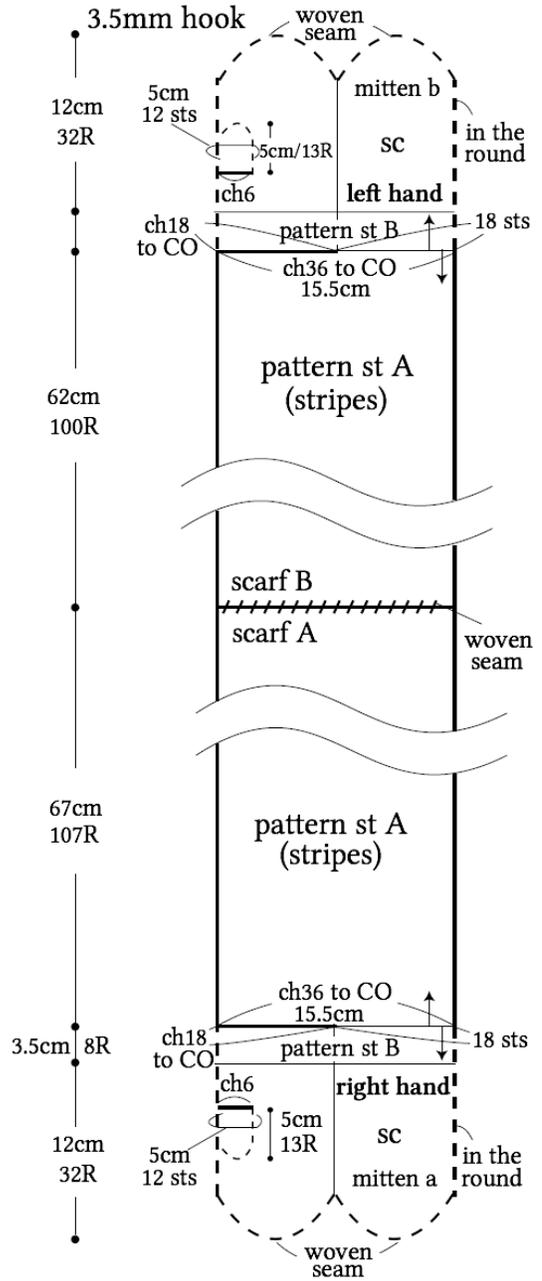

**Abbreviations:** ch = chain; CO = cast on; R = round(s)/row(s); sc = single crochet (US)

**slip/chain seam:** essentially a slip stitch seam with chain stitches interspersed between slip stitches. Sl st through one stitch in each layer being seamed. Working along edges of fabric, \*ch1, sl st in top of next row\*, continue from \* to \* until end.
