Summary

❖ **Note:** Like all Japanese patterns, stitch counts given here for foundation chains do not include any chain sts needed for turning posts.

Bag: Work foundation chain to begin, then work in Tss. Refer to chart for color sequences. Shape handle by binding off stitches and working increases as shown. After first half of bag is finished, pick up stitches from foundation chain and work the other half of the bag. Bind off with slip stitch.

Finishing: With wrong sides facing each other, seam sides with mattress stitch.
