Summary

✳️**Note:** Like all Japanese patterns, stitch counts given here for foundation chains do not include any chain sts needed for turning posts.

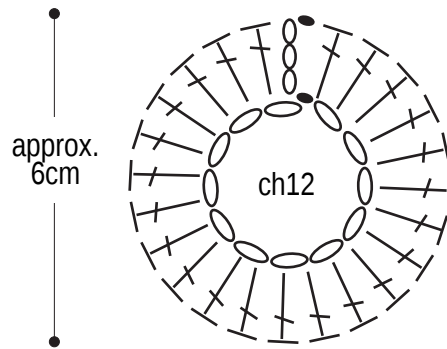

Work first motif as follows: ch12 to begin, then join into the round; ch3 for post, work 23 dc into ring, then slip stitch into top of post (from beginning of round). Work rings ② to ④, linking them as you go. Work sc edging around all four motifs, which will help establish the square shape of the finished tawashi. While working edging, ch10 for a loop at one corner, slip stitch to close the loop, and continue with sc edging.

Abbreviations:
