Summary

✳️**Note:** Like all Japanese patterns, stitch counts given here for foundation chains do not include any chain sts needed for turning posts.

Body of bag: Work motifs A and B according to charts, working stitches around rings on first round of each motif. On last round of each motif, join it to other motif(s).

Handle (make 2): Work foundation chain to begin, then work in sc. Bind off. With wrong sides facing each other, seam foundation edge to bind-off edge by working edging through both layers. Make second handle identical to first.

Finishing: Seam handles to body of bag using whipstitch. Insert fabric lining if desired.
