Knitting Tips

Body & sleeves: Cast on with long-tail cast-on method. Work in k2p2 ribbing followed by pattern stitch (refer to schematic). Bind off stitches to shape armhole. Shape neckline by binding off stitches where indicated and by working decreases at neckline edges. Shape sides of sleeve with backwards loop cast-on method. When finished working sleeve, do not bind them off; place all the stitches remaining (the sleeve cap) on at stitch holder.

Finishing: Seam shoulders together with three-needle bind-off method. Seam sleeves to body with stitches-to-rows mattress stitch. Pick up stitches around neckline; work collar edging in k2p2 ribbing in the round. Bind off collar stitches, then fold collar in half (to the inside of the garment). Tack collar down with whipstitch. Seam sides and sleeve undersides in one continuous mattress stitch seam (per side).
