#### Summary

\*Note: Like all Japanese patterns, stitch counts given here for foundation chains do not include any chain sts needed for turning posts.

Body: Work foundation chain to begin, then work body of bag in pattern stitch. After working first half, work a row into bottom of foundation chain, then work second half of bag.

Finishing: Work edging (sc2tog tbl) around mouth of bag. Fold sc section to inside; seam in place from right side using slip stitch seam. At the same time, secure handles in place by encasing them in fabric. With wrong sides facing each other, seam sides of bag together with whipstitch.

#### Abbreviations:

ch = chain sc = single crochet (US) sc2tog tbl = single crochet (US) 2 stitches together through back loop only
