Summary

✳️**Note:** Carry elastic thread along with yarn where indicated. Stretch it slightly as you knit with it.

Skirt (make 2): Cast on with long-tail cast-on method. Work k1p1 ribbing, then continue in pattern stitch. Work evenly spaced decreases across width of pattern stitch section (see schematic for details). When finished, place all stitches on a stitch holder (do not bind off). After making second skirt piece, seam the two pieces together at the sides using mattress stitch with wrong sides facing each other.

Waistband: Return live stitches to needles. Work k1p1 ribbing in the round. Work rounds 1-14 with elastic thread carried along with main yarn. Work remaining 16 rounds, then bind off in pattern.

Finishing: Fold waistband in half towards the outside.
